**RESOLUTION #5 Changes to View a Patient’s full list of medications and Supplements**

WHEREAS, there is no software currently available that allows for a pharmacist to access a patient’s profile concerning active prescription and over-the-counter medications or supplements that the patient is currently taking;

AND WHEREAS, as it stands today the pharmacist can only see recently dispensed prescriptions;

AND WHEREAS, the pharmacist therefore cannot adequately access and correct medication therapy for the patient, maximizing therapeutic benefit and safety;

THEREFORE BE IT RESOLVED, that we request and encourage NABP to implement a task force to work with software vendors to initiate software changes and updates to view a patient’s active list of medications that include prescriptions, over-the-counter medications and supplements.
